AMBRA PISCOPO *(Twinning Director)*

Ladies and gentlemen the twinning ceremony between lom Parma and lom WJ NSW is going to start.

We are here today to witness the signing of this twinning agreement.

The jci twinning program formally links two or more jci local organizations from different countries who are interested in collaborating. Twinning partners learn, exchange ideas, forge diverse connections and gain a unique perspective on the world as they participate in joint cross-cultural projects.

Twinning leverages the jci global network to gain a deep understanding of international cooperation.

In a word the objective of this agreement is to exchange views and experiences between our members and our communities, as we work toward the shared goals of developing leaders and fostering global understanding.

STEFANO TRAVERSA *(JCI Parma President, National Legal Counsel)*

Dear friends, i'm really proud to be here with u to sign this agreement between our loms.

I'd thank Dirk, WJ NSW President, because he had always strongly supported this project and Sebastian Reeza, with whom we had "the first contact".

The objective of this agreement is to exchange views and experiences so that we can offer our members, and our communities, the benefit of international collaboration, as we work toward the shared goals of developing leaders in the deep belief that

"...the brotherhood of man transcends the sovereignty of nations..."

Following this vision we struggle to find out the outstandings, to share with these goals.

We want to plant the seed of brotherhood in every country, in Germany, in Malta, in USA, because we have the conviction that only through cooperation and brotherhood between different people we could reach the economic prosperity, the peace and therefore a better world for our sons.

Our fathers hoped in a united europe, we hope in a united world.

May jci help us
